

Sunlights and Twilights

WELCOME!

WHAT ARE SUNLIGHTS AND TWILIGHTS?

They are registered by OFSTED before and after school clubs run by Miss V. Barlow, Miss C. Glynn and Miss L. Weedall for the benefit of our school and local community. These may be services you wish to use on a regular basis or alternatively it may be something you wish to keep at the back of your mind for casual use, as and when the need arises. Whichever way you choose to use Sunlights/Twilights you can be sure that your children will be supervised in a secure and friendly environment. Sunlights and Twilights are both held in the school building.

ARRIVING AND DEPARTING

The designated entrance/exit is the main school entrance. This door operates on a buzzer system to ensure the children's security at all times. Due to fire regulations it is important that each child is signed out of Twilights as you are leaving the building, stating time of departure along with a signature of the person collecting.

It is extremely important for the security of your child that you remember to inform us if anybody different will be collecting them. Any unfamiliar faces will be asked for a password before being allowed to enter the premises, this will be prearranged with the family.

WHAT DO THEY DO?

Sunlights/Twilights is an independent business owned by Miss V. Barlow and operates in the school building. They are additional services where children can play under supervision and are given the choice of suitable activities. The club is not an extension of the school day. The emphasis is on enjoyment, play and relaxation. There are many activities for your child to participate in, including arts and crafts, outdoor play, board games, games consoles, watching television, reading and relaxing. At
