Sex and Relationships Policy

Date: February 2017
Review Date: February 2018

INTRODUCTION

Under the Children Act 2004 schools have a duty to promote the well-being of their pupils and good quality SRE contributes to this duty.

Ofsted carries out subject inspections for PSHE and draws attention to the correlation between outstanding schools and effective PSHE programmes.

The National Curriculum Framework Document (2013) states that: 'All schools should make provision for personal, social, health and economic education (PSHE), drawing on good practice. Schools are also free to include other subjects or topics of their choice in planning and designing their own programme of education.'

This policy:

- has been developed through a process of consultation with the relevant professionals.
- Developed with consultation of the Governing Body on 7th March 2017
- This policy will be reviewed September 2018

SEX AND RELATIONSHIP EDUCATION POLICY STATEMENT

Sex and Relationships Education (SRE) forms part of the Personal, Social and Health Education (PSHE) curriculum to ensure that pupils:

_ receive their sex education in the wider context of relationships; and

_ are prepared for the opportunities, responsibilities and experiences of adult life.

(Sex and Relationship Education Guidance, DfEE July, 2000)

AIMS AND OBJECTIVES FOR SEX AND RELATIONSHIP EDUCATION

The aim of SRE is to provide children with age appropriate information, explore attitudes and values and develop skills in order to empower them to make positive decisions about their health related behaviour.

This should take place with consideration of the qualities of relationships within families.

The objectives of Sex and Relationship Education are;

- To provide the knowledge and information to which all pupils are entitled
- To clarify/reinforce existing knowledge
- To raise pupils' self-esteem and confidence, especially in their relationships with others;
- To help pupils understand their sexual feelings and behaviour, so they can lead fulfilling and enjoyable lives;
- To help pupils' develop skills (language, decision making, choice, assertiveness) and make the most of their abilities.
- To provide the confidence to be participating members of society and to value themselves and others;
- To help gain access to information and support
- To develop skills for a healthier safer lifestyle
- To develop and use communication skills and assertiveness skills to cope with the influences of their peers and the media
- To respect and care for their bodies
- To be prepared for puberty and adulthood

MORAL AND VALUES FRAMEWORK

Sex and relationship education will reflect the values of the PSHE and Citizenship programme. SRE will be taught in the context of relationships.

In addition SRE will promote self-esteem and emotional health and well-being and help them form and maintain worthwhile and satisfying relationships, based on respect for themselves and for others, at home, school, work and in the community.

- Every child is entitled to receive SRE regardless of ethnicity, gender, religion, age, culture, disability, sexuality, language special needs, disadvantaged and looked after children.
- It is our intention all children have the opportunity to experience a programme of SRE at a level which is appropriate for their age and physical development with differentiated provision if required.

Parents/carers have the right to withdraw their children from all or some of the SRE provided outside of the National Curriculum

THE ORGANISATION OF SEX AND RELATIONSHIP EDUCATION IN WHITEGATE C/E PRIMARY SCHOOL

This content has been agreed in consultation with governors, parents and teaching staff.

Mrs C. Pecora is the designated teacher with responsibility for coordinating sex and relationship education.

Sex and relationship education is delivered through Science, RE, PSHE, Citizenship and Literacy activities. Sex and relationship education is taught by classroom teachers, teaching assistants and if appropriate, outside visitors such as the school nurse. Class teachers are responsible to ensure SRE lessons are suitable according to the needs of the class and are age appropriate.

They have a duty to promote the well-being of their pupils and good quality SRE contributes to this duty. SRE within Whitegate C/E Primary School will focus on safeguarding / keeping children safe with emphasis in particular in the link between knowing the names for body parts, touch and personal space, understanding appropriate and inappropriate touch and internet safety / communication in relationships.

A range of teaching methods which involve children's full participation are used to teach sex and relationship education. These include use of video, discussion, looking at case studies, drama and role play.

Sex and relationship education is usually delivered in mixed gender groups however, there may be occasions where single gender groups are more appropriate and relevant.

Resources to teach sex and relationship education include fiction, reference books, leaflets and extracts from videos.

PROPOSED CURRICULUM OVERVIEW

(Adapted from the SRE scheme *Christopher Winter Teaching SRE with Confidence in Primary Schools*)

The SRE curriculum will consist of typically between three and four lessons throughout the year (depending on the needs of the class).

Below is an outline of the general themes and focuses of the proposed lessons:

Reception: Our Lives - To consider the routines and patterns of a typical day and understand some areas in which the children can look after themselves e.g. dressing and undressing; to understand why hygiene is important; and to recognise that all families are different and understand how members of a family can help each other.

Year 1: Growing and Caring for Ourselves - To understand some basic hygiene principles; to introduce the concept of growing and changing; and to explore different types of families and who to ask for help.

Year 2: Differences - To introduce the concept of male and female and gender stereotypes; to describe some of the physical differences between males and females and to understand how this is part of the lifecycle; and to name the male and female body parts.

Year 3: Valuing Difference and Keeping Safe - To explore the differences between males and females and to name the body parts; to understand personal space, identifying different types of touch and talk about ways of dealing with unwanted touch; and to explore different types of families and who to go to for help and support.

Year 4: Growing Up - To explore the human lifecycle; to identify some basic facts about puberty; and understand that children change into adults so that they are able to reproduce.

Year 5: Puberty - To explore the emotional and physical changes occurring in puberty; understand how puberty affects the reproductive organs; and know how to get help and support during puberty.

Year 6: Puberty, Relationships and Reproduction – to describe how and why the body changes during puberty in preparation for reproduction; to know some basic facts about pregnancy and conception; and to describe the decisions that have to be made before having a baby.

LEGAL REQUIREMENTS FOR THE TEACHING OF SEX AND RELATIONSHIPS
