Friday 27th March 2020

Dear Parents/Carers,

I hope that you are all well and are coping during these exceptional times. It has been a very strange week as we all establish new routines and ways. I hope that there have been many positives and you have been able to spend some time in the sunshine.

The staff have been delighted to receive emails and Tweets sharing the experiences that your children are having at home. (If you haven't done so, and you would like to send photos of any activities, or completed work, please do so at a time that is convenient for you.)

So that we know that you are safe and well, if you haven't checked in with your child's class teacher, during the week, please can you send them a quick email? Moving forward, it is expected that we have one form of contact, each week, from each family.

I know that some of you are feeling a little stressed about your children completing the tasks that the class teachers are setting each day. Please do not worry - just do what you can. Remember, the most important thing is to have fun together.

In school, we have no more than 10 children in every day. In fact, for the past two days, we haven't had any! Thank you so much for working with us and for only sending your children into school if your job is corona critical. School should only be used as a last resort, so that we can keep each other, including the staff, safe.

I have been informed that Parentmail is sending out reminders about paying for residential visits. These messages are from the automated system, and are not being sent out by the school office. We are in the process of cancelling all trips and residential visits and will be in touch regarding any refunds.

We thank you for your continued support.

God bless
